Dear Mike and Lisa,

It is my pleasure to thank you for the donation of iPads to be used by patients and families at C.S. Mott Children's Hospital, made through the Eric Hartwell Foundation.

I am especially touched when members of the UM Health System family go above and beyond the call of duty to further the mission and goals of this great institution. It is said, "Two people with a common goal can accomplish many things. Two people with a common enemy can accomplish even more." Our common enemy is disease and illness, and through your kind gift of iPads, patients and families can find a welcome diversion from the stress of medical treatment when they are in our hospital. You have made the Health System a better place, Mike and Lisa, through this thoughtful generosity.

For all you have done, and continue to do, on behalf of the UMHS, I offer you my sincere regards and heartfelt gratitude.

Sincerely,

Ora Hirsch Pescovitz, M.D.
